EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Jaffe on 9/20/04.

The application has been amended as follows:

Cancel Claims 1-14.

Response to Amendment

The affidavit filed on 9/13/04 under 37 CFR 1.131 has been fully considered by the examiner.

Response to Arguments

Applicant's arguments filed 9/13/04 have been fully considered by the examiner. See reasons for allowance as recited below.

Allowable Subject Matter

Claims 15-18, 20, 22 and 26-34 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a method of etching a resistive foil having a copper layer and a resistive layer including a nickel-chromium alloy having at least one of aluminum and silicon, where the resistive foil is bonded to a dielectric layer comprising: selectively removing portions of the copper layer with a copper etchant to form trace lines; and selectively etching the resistive layer including the nickel chromium alloy with an etchant comprised of hydrochloric acid, glycerin and thiourea where the glycerin is 5-95 volume % and thiourea is 1-200 ppm.

The disclosures of U.S. Patent No. 4,370,197 to Abolafia et al. and U.S. Patent No. 4,160,691 to Abolafia et al. combined teach the method of the invention substantially as claimed, as recited in the

Application/Control Number: 10/073,503

Art Unit: 1763

rejections of the previous office action, but do not teach etching a chromium alloy having at least one of

aluminum and silicon.

Any comments considered necessary by applicant must be submitted no later than the payment

of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such

submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should

be directed to Roberts Culbert whose telephone number is (571) 272-1433. The examiner can normally

be reached on Monday-Friday (7:30-4:00).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor,

Gregory Mills can be reached on (571) 272-1439. The fax phone number for the organization where this

application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application

Information Retrieval (PAIR) system. Status information for published applications may be obtained from

either Private PAIR or Public PAIR. Status information for unpublished applications is available through

Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should

you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC)

at 866-217-9197 (toll-free).
